Acknowledgements for v1-0

Version 1, last updated by meijer at 2013-01-09

Acknowledgements 1.0 release

The FileSender project wishes to acknowledge the following people and organisations for their contributions to the FileSender 1.0 release.

Core development team

Chris Richter (coding, architect)

Gijs Molenaar (coding, packaging, documentation)

Guido Aben (project coordination, field testing)

Jan Meijer (project coordination, field testing, documentation)

Xander Jansen (testing, bug fixing, coding, release manager, documentation)

Wendy Mason (testing, documentation)

Significant contributions:

Brian Boyle (project coordination and feedback)

Rogier Spoor (resource provisioning)

Markus Steinbacher (coding)

Paul Doyle (release process)

Hong Shuliang (testing framework)

Rene Scheffer of Stroomt (UI expert review)

Pine Security for the code security reviews

Jaap de Heer, Paul von Winckelmann of StreamTech in the Netherlands for fixing the security issues

Mario Vandaele of BELNET in Belgium for his feedback, field testing and patches

Damir Danijel Zagar, Emir Imamagic and Nikola Garafolic of SRCE in Croatia for their feedback, field testing, patches and the usage stats code

João Pagaime of FCCN in Portugal for his feedback and field testing.

Hanne Moa of UNINETT in Norway for feedback and field testing

David Jericho of AARnet in Australia for feedback, field testing and patches

Paul Dekkers of SURFnet, the Netherlands, for his work on SRS with Exim

The FileSender project is funded by a consortium of NRENs. For the 1.0 release funding and staff resources were made available by AARNet, HEAnet, SURFnet and UNINETT

Despite our efforts to include all contributors we might have forgotten someone. Please let us know of any oversight.
