Acknowledgements for v1-5

Version 8, last updated by meijer at 2013-02-05

```
<p>The FileSender project wishes to acknowledge the following people and
```

organisations for their contributions to the **FileSender 1.5 release**.

Funding

Sustained funding, staff and other resources for the FileSender project are provided by the National Research and Educational Networks (NRENs) AARNet
(Australia), HEAnet (Ireland), SURFnet (The Netherlands) and UNINETT (Norway).

For the 1.5 release FileSender received targeted financial contributions from ARNES (Slovenia), Belnet (Belgium), CSC/FUNET (Finland), CESNET (Czech Republic), the Hebrew University of Jerusalem (Israel) and UNI-C (Denmark).

Core development team

Chris Richter, Ricoshae: code lead, software architect

Guido Aben, AARNet: 2nd project lead, field testing, finances coordination

Jan Meijer, UNINETT: project lead, field testing, documentation

Xander Jansen, SURFnet: release manager, bug analysis, coding, field testing, release testing lead, documentation

Wendy Mason, Monash e-Research Centre: workflow testing lead, client-side workflow test automation, client-side release testing, documentation

Significant contributions

- Alan Lo, Victorian Partnership for Advanced Computing (VPAC), Australia, for advice on selection & use of Selenium for automated testing
- Bartlomiej Balcerek, Wroclaw Centre for Networking and Supercomputing, Poland, for conducting a security review of FileSender
- David Jericho, AARnet, Australia for feedback, field testing and patches
- Dick Visser, TERENA, the Netherlands, for his solid patches
- Mario Vandaele, BELNET, Belgium for his feedback, field testing and patches
- Maciej Kotowicz, Wroclaw Centre for Networking and Supercomputing, Poland, for conducting a security review of FileSender
- Rogier Spoor, SURFnet, the Netherlands, for provisioning resources
- Thijs Kinkhorst, Tilburg University, the Netherlands, for his solid patches
- The User Experience group (in particular Dharani Perera-Schulz), eSolutions, Monash University, Australia, for conducting a Usability and interaction design review
- UNINETT Feide RnD for supplying Feide Open IdP as a public service

- Funka.nu, Sweden, was contracted for a usability review
- Maarten Koopmans, Vrijheid.net, the Netherlands, was contracted for significant coding and architecture contributions
- Pine Security, the Netherlands was contracted for the code security reviews

Translations

Language files were contributed by:

- Andrej Bagon, ARNES, Slovenia: Slovenian
- Claude Tompers, RESTENA, Luxemburg: French, German

- Csillag Tamas, PPKE, Hungary: Hungarian
- Fabio Spelta, UNIMIB, Italy: Italian
- Lubos Kopecky, CESNET, Czech Republic: Czech
- Marina Vermezovic, Amres, Serbia: Serbian
- Nikola Garafolic, SRCE, Croatia: Croatian
- Paco Sanchez, UNIA: Spanish
- Riccardo Valzorio, CILEA, Italy: Italian
- Víctor José Hernández Gómez, UPO, Spain: Spanish
- Victoriano Giralt, University of Malaga, Spain: Spanish

The Dutch, English and Norwegian language files were provided by the FileSender core team.

Did we miss someone?

Despite our best efforts we might have forgotten someone. Please drop us a line on filesender-dev@filesender.org if you spot any omissions.
