

Browser-compatibility-matrix

under development - under development - under development

Is my browser supported? The FileSender project makes an effort to make sure those browsers labeled "FileSender Supported" support the functions as indicated. We usually test the versions that can be found on up-to-date patched systems.

Browser

Browsername	version	platform	JavaScript engine	Rendering engine	FileSender Supported	Uploads up to 2GB	Reliable progressbar	Unlimited size uploads	Downloads
IE	9	Windows7							
IE	8	Windows7							
IE	8	Windows XP							
IE	7	Windows XP							
FireFox	4.0	Windows7			X				
FireFox	4.0	Max OS-X							
FireFox	4.0	Unbuntu Linux ...							
FireFox	3.6	Windows7							
FireFox	3.6	Windows XP							
Chrome	latest	Windows7							
Chrome	latest	Mac OS-X							
Safari	5.04				X				
Opera									

Uploads up to 2GB tested with file sizes:

Uploads of unlimited size tested with file sizes: 5GB, 10GB, 20GB, 100GB
